Avant

INRS University

- ✓ A university dedicated to research and graduate studies
- ✓ One of Canada's leading research universities in terms of research intensity (2nd in 2009, 1st in 2008)

Funding

- ✓ Nearly \$50 million in sponsored and contract research
- ✓ A budget of 117 million dollars

University INRS

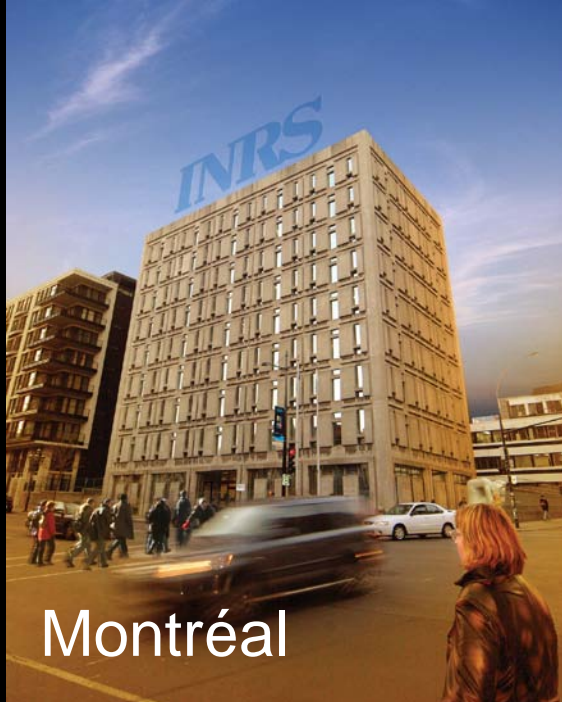

- ✓ 4 Research Centers
- ✓ 160 research professors
- ✓ 370 professionals, technicians, and office employees
- ✓ 30 research associates

Research trainees:

- ✓ Nearly 700 students :
 - - 244 M.Sc. students
 - - 316 Ph.D. students
 - - 79 postdoctoral fellows

A stimulating research environment:

- ✓ 22 exclusive master's and doctorate level programs
- ✓ Personalized training
- ✓ Access to research facilities at cutting edge technology
- ✓ Attractive student scholarship program

Montréal

Québec

Laval

Varennes

Eau Terre Environnement Research Center

Quebec city

- Hydrology
- Biogeochemistry and contamination issues
- Geosciences
- Environmental decontamination and waste reclaiming

INRS

Université d'avant-garde

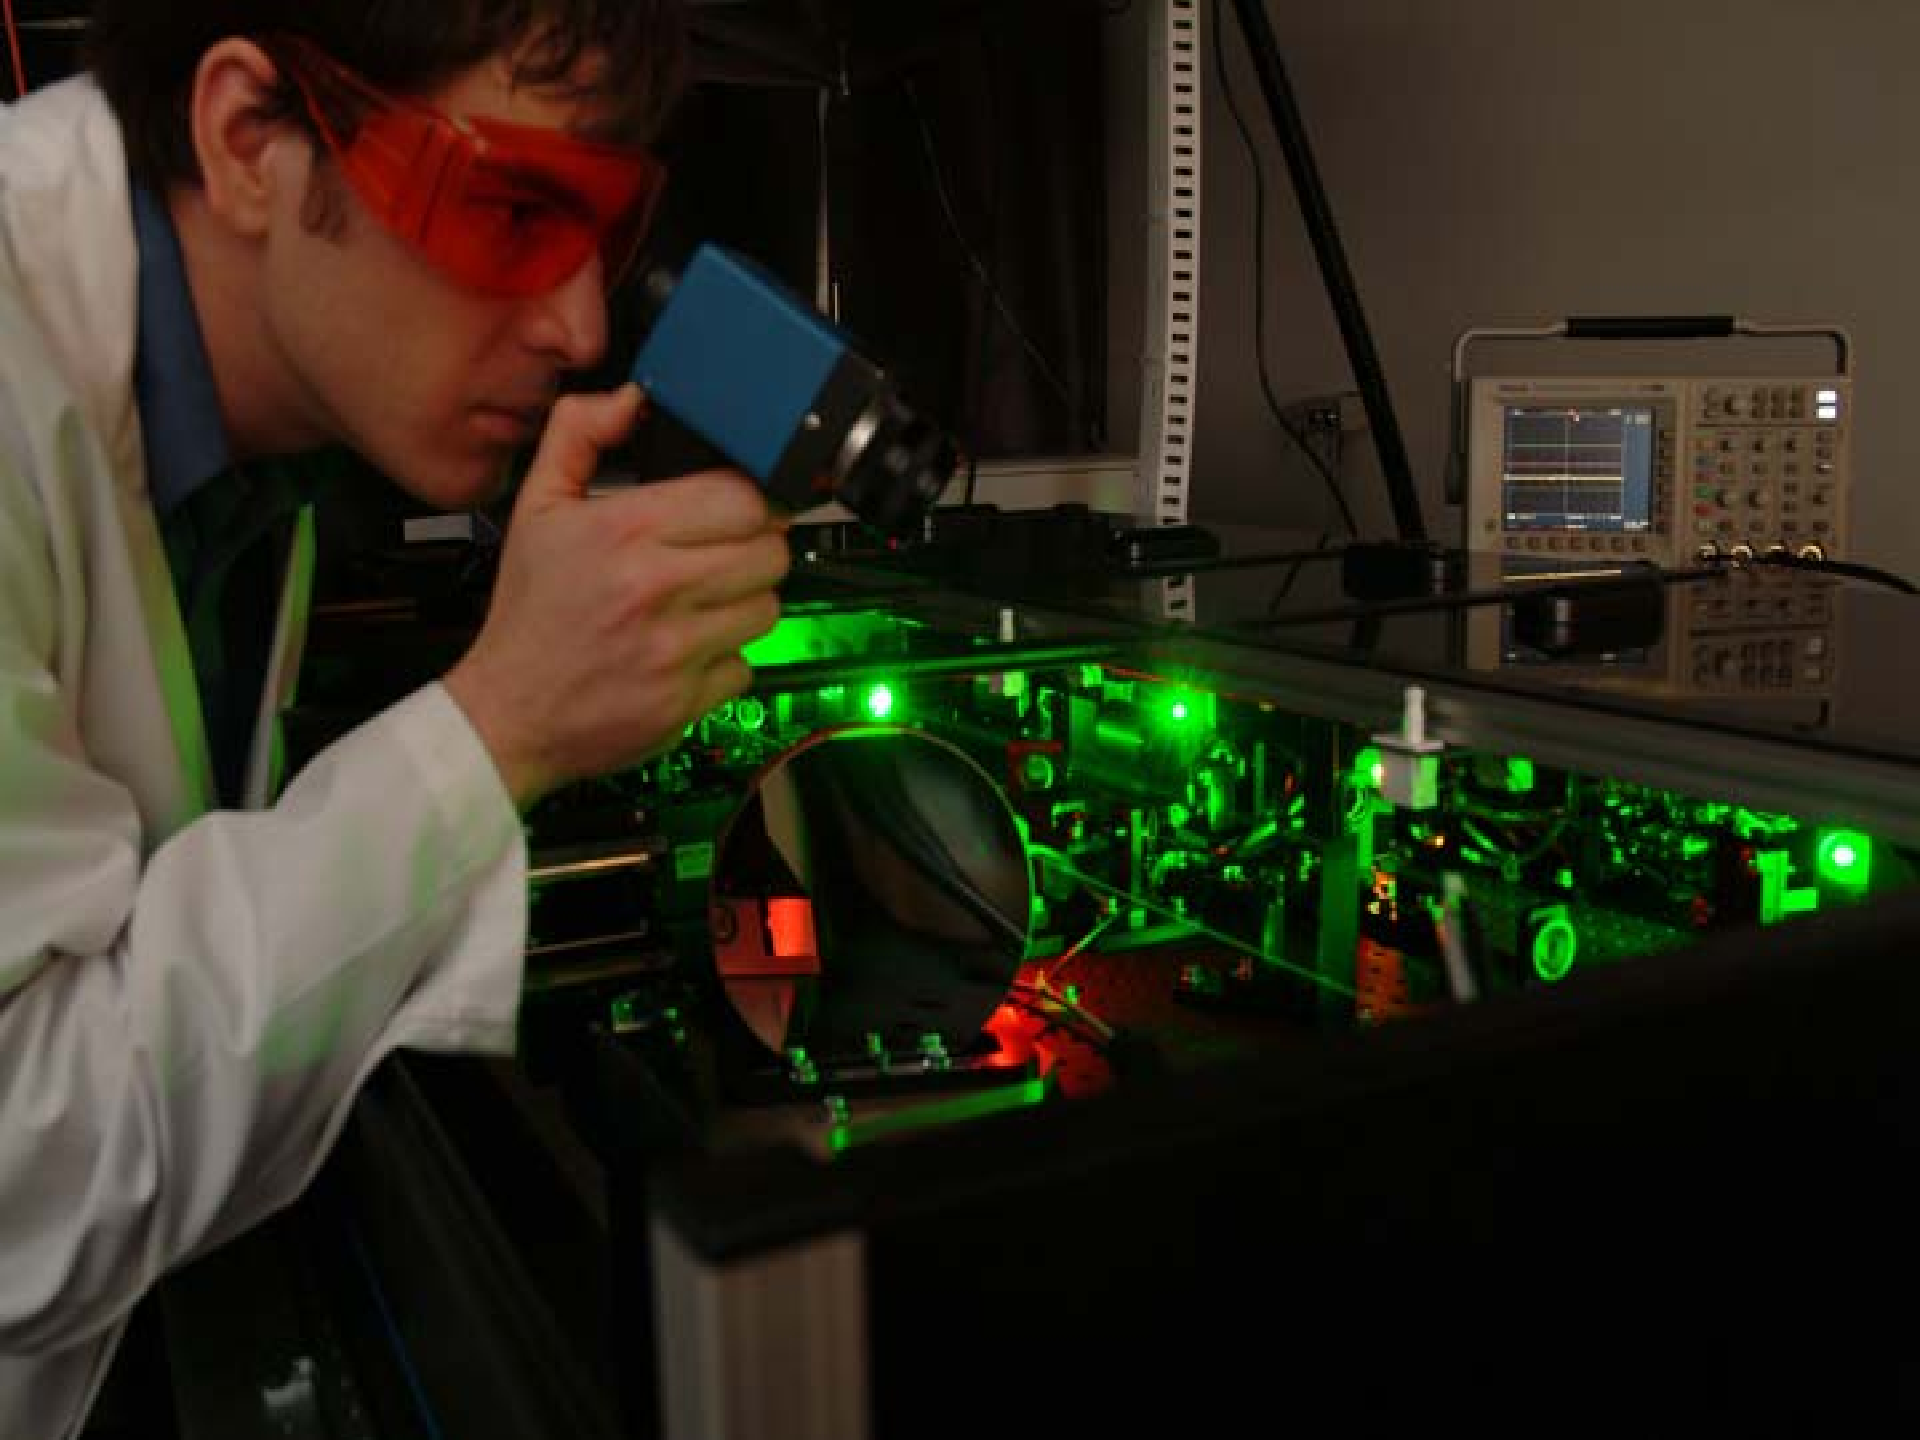

Énergie Matériaux Télécommunications Research Center

Varenes and Montreal

- Advanced materials and ultrafast photonics
- Telecommunications
- Renewable energy

INRS—Institut Armand-Frappier Research Center

Laval

- Infectious diseases, immunity, cancer and epidemiology
- Environmental biotechnology
- Environmental toxicology and pharmacochemistry

Urbanisation Culture Société Research Center

Montreal and Quebec city

- Montreal : a city in transformation
- Mobility and migration
- Local economic development, work, and innovation
- Territorial recomposition, decentralization, and democracy
- Families, personal networks, and social solidarity
- Life stages, life paths, and intergenerational dynamics
- Social exclusion and vulnerability
- Housing , neighborhoods, and lifestyle
- Cultural practices, social space, and territory
- Cultural diversity, immigration, and modes of cohabitation
- Institutionalization of culture
